

## River Thames – lock restriction

### Cookham Lock

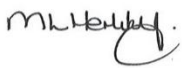

**Monday 29 March 2021 to Thursday 1 April 2021**

### Safety improvements on lock side

#### Directions for navigation and general information during these works:

- River traffic will be disrupted at Cookham Lock from Monday 29 March 2021 to Thursday 1 April 2021.
- This is to allow the completion of safety improvements along the lock side by removing the walkways from the disused middle set of lock gates. Our contractor will be using a small pontoon within the lock chamber to work from in order to complete these necessary works.
- We will manage these works to minimise the disruption to our customers by working in short periods of up to 2 hours, then enabling lock passage for periods of 2 hours.

We apologise for any inconvenience these works cause and thank you for your patience during this time.
