

## **River Thames – temporary river restriction**

### **Boveney Reach Backwater around Monkey Island**

**6 March 2017 to 31 January 2018**

### **Temporary closure of the backwater around Monkey Island.**

As part of the development of Monkey Island the foot bridge is being replaced. Due to these works the backwater will be shut off to all navigation. The current bridge does not allow for powered vessels to navigate and this closure will only effect small powered vessels and unpowered craft.
