

River Thames Investment Programme November 2016 to March 2017

A guide to cruising through the winter

Issue 9
17 February 2017

The information on this map is accurate at the date of issue. We send our investment programme to you as early as possible to help you plan your cruising over the winter. However, this programme is subject to change - for the most up-to-date information please see www.gov.uk/river-thames-conditions-closures-restrictions-and-lock-closures

***Shifford Lock**
Repairing handrails.
Please note: Re-sheeting lock gates, repairing balance beam and re-fixing rubbing timbers work postponed until the 2017 to 2018 work programme.
20 March 2017 to 24 March 2017

King's Lock
Re-sheeting lock gates, repairing balance beam and removing silt from travel lines of the lock gates. Head mooring embankment works and additional revenue moorings.
Please note there may be opportunities for passage during this period (in 2017) and you will be notified in advance of this if so.
1 November 2016 to 3 March 2017

Clifton Lock
Emergency repairs to hydraulic system.
Please note: Work on repairing lock gates postponed until the 2017-18 winter programme which will then include re-sheeting of the lock gates.
13 February 2017 to 24 February 2017

Bell Weir
Installation of power and data cables across the upstream lock cut.
This work by Southeast Power Engineering is to facilitate the Archimedes screw hydropower system which is under construction.
21 March 2017 to 23 March 2017

- * **Locks with changes since previous issue**
- **Locks unaffected by the investment programme 2016 to 2017**
- **Locks with complete closures during dates listed**
- **River Thames**
