

## River Thames – river restriction

### Kings Lock, Wolvercote

**Week commencing Monday 6 November 2017**

### Balance beam replacement, Kings Lock

The balance beams at Kings Lock are being replaced; week commencing 6 November 2017. This work will require short stoppages of up to 2 hours at time as the beams are lifted out of place and the new ones are installed.

The works are scheduled to take a couple of days to complete. All boats must be navigated in accordance with any instructions given from Environment Agency staff.

We apologise for any inconvenience this closure causes and thank you for your patience during this time.
