

River Thames – emergency lock closure

Sonning Lock

Friday 5 August 2016 – 7:30am to 9am

Emergency lock closure for diving operations

Emergency diving operations are required in the head lock cut at Sonning Lock. This is needed to investigate damaged services to the lock house island.

In order to carry out these operations the lock will be closed to all river traffic from 7:30am to 9am on Friday 5 August 2016.

We apologise for any inconvenience this restriction causes and thank you for your patience during this time.
